NO FORM OF ILLUMINATION has ever been discovered to equal ELECTRICITY! There never will be! People who want the best that is offered in the way of Lights never think of using anything else. If you have been deterred because you thought the best must necessarily be the costliest, investigation will prove that it is not the case.

# THE CITY DIRECTORY

## Do You Know What It Is?

Do you know it is the Best Barometer of a city's growth?

A most efficient time-saver? Contains information found in no other publication. The only medium that reaches all classes of people all the time?

**Do you know wide-awake merchants advertise in the City Directory? Progressive men value it. The stranger consults it.**

And the man who says he does not need it, is generally the first one to borrow it.

# THE CITY DIRECTORY

## Do You Know What It Is?

Do you know it is the Best Barometer of a city's growth?

A most efficient time-saver? Contains information found in no other publication. The only medium that reaches all classes of people all the time?

**Do you know wide-awake merchants advertise in the City Directory? Progressive men value it. The stranger consults it.**

And the man who says he does not need it, is generally the first one to borrow it.
